### Elegant wood design

The frames, as a combination of steel components and wood décor, are available in three luxurious variations. Beautiful distinctive styles are created in the interior of the furniture.

Tennessee walnut

Nebraska oak

Bardolino oak

# Practical function – versatile in application

AMBIA-LINE allows you free rein when dividing your drawers, regardless of what items you wish to store. The frames are ready to be used immediately, fit in every drawer and in all living areas.

## Elegant design

With its reduced dimensions, AMBIA-LINE is particularly suited to LEGRABOX, the elegant box system with straight and narrow side panels. For more information, go to [www.blum.com/legrabox](http://www.blum.com/legrabox)

## Individual adjustment

The flexible cross dividers can be easily adjusted to fit the size of the goods being stored there.

## Easy utilisation

The frames can be positioned anywhere in the drawer. A magnetic fixing and anti-slip feet provide a secure hold.

# One glance, easy access – simply more convenience

A good kitchen is beautiful as well as practical. AMBIA-LINE is a simple way of creating order, thus enabling easy work processes. If wooden spoons, ingredients and spices are within easy reach, everything runs like clockwork.

## Blum's ideas for practical kitchens

Good workflows, sufficient storage space and high quality of motion – at Blum, these are the three key features of a practical kitchen.

for practical kitchens

**Workflow –  
Convenience**

Cooking utensils, bottles or provisions – AMBIA-LINE provides the ideal inner dividing system. This order and organisation means that effort is minimised.

**Space – Optimisation**

Wide, high and deep drawers use more of the space available. With AMBIA-LINE you can organise your storage space as you like it.

**Motion – Quality**

Easy opening and silent and effortless closing of drawers increase the living comfort in the kitchen. At Blum, this is achieved with state of the art technology.

## AMBIA-LINE for cutlery

- Cutlery is stored almost without making a sound in cutlery inserts with Softtouch coating.
- Cutlery inserts and frames can be combined as required.

**AMBIA-LINE for kitchen utensils  
and AMBIA-LINE foil dispenser**

- Whisks, vegetable peelers and ladles are stored in an organised fashion to ensure that everything is in its place.
- The AMBIA-LINE foil dispenser allows foil to be pulled out without creases and cut cleanly.

Steel design  
Orion grey matt

### AMBIA-LINE for cutlery

- The cutlery insert provides proper organisation for cutlery.
- The high-quality materials can be cleaned easily with a damp cloth.

Wood design  
Bardolino oak

### AMBIA-LINE for odds and ends

- Odds and ends are organised and can be easily accessed.
- Items used less frequently also have their own place and are ready to be used when needed.

Wood design  
Nebraska oak

### AMBIA-LINE knife holder

- Up to nine knives are kept safely and in a well-organised manner in the knife holder.
- High-quality plastic and anti-fingerprint stainless steel keep the blades in good condition.

Steel design  
Terra black matt

### Blum plate holder

- Up to 12 plates are stacked securely in the pull-out and can be moved comfortably, to the dining table for example.
- The plate holder is infinitely variable in its adjustment to different plate sizes.

Steel design  
Orion grey matt

### AMBIA-LINE for provisions

- Large tins or small packets can be stored neatly in the SPACE TOWER larder unit.
- Open packets such as flour, sugar or rice are also held securely in the non-slip AMBIA-LINE frames.

Steel design  
Terra black matt

### AMBIA-LINE for plastic containers

- Instead of chaos, it is order and organisation that reign in the pull-out.
- The lids for every plastic container can be found without a long search.

Wood design  
Bardolino oak

### AMBIA-LINE for cleaning utensils

- The sink pull-out uses the space under the sink that is often wasted and can be optimally organised.
- Detergents, sponges and brushes can therefore be stored where they are needed.

Steel design  
Terra black matt

### AMBIA-LINE for waste separation

- Cleaning products are stored neatly, securely and separately from the rubbish/recycling containers in the pull-out.
- The flexible cross divider can be adjusted to suit different bottle sizes.

Steel design  
Terra black matt

### AMBIA-LINE for pots and lids

- Cooking items are stored particularly practically in the pull-out under the hob.
- The cross gallery allows lids to be stored at an angle and within easy reach.

Steel design  
Orion grey matt

### AMBIA-LINE for cooking utensils

- Wooden spoons, spatulas and whisks are ready to be used immediately.
- The cross dividers can be adjusted according to the length of the utensils.

Steel design  
Terra black matt

### AMBIA-LINE for bottles and cutting boards

- Bottles are stored securely and are within easy reach.
- Wider pull-outs offer additional space, e.g. for cutting boards.

Steel design  
Terra black matt

### AMBIA-LINE spice holder

- Spice jars and packets in various sizes can easily be fitted in.
- The angled position of the spices means the labels of pepper, cinnamon and coriander are easy to read.

### Blum in Austria and around the world

The company has eight plants in Vorarlberg, Austria, additional production sites in Poland, the USA and Brazil and 31 subsidiaries/representative offices. Blum supplies more than 120 markets. The Blum Group employs 8,000 people in total, 6,000 of whom work in Vorarlberg.

### Global customer benefits

“Whether manufacturer, distributor, fitter or kitchen user – everybody should personally enjoy the benefits of Blum products” – that is Blum’s philosophy on global customer benefits.

### Innovations

To support customers with innovative fittings solutions and secure long-term success for the company, we need to consistently invest in research and development, in plants and facilities and in employee training. With more than 2,100 granted patents worldwide, Blum is one of Austria’s most innovative companies.

### Quality

Blum’s comprehensive concept of quality does not only apply to products. Services and collaboration with customers and partners should also meet the same quality requirements.

### Environment

At Blum, we believe that responsible ecological behaviour has long-term economic benefits. The longevity of products is just one of many important aspects. Other important measures include the use of environmentally-friendly processes, the intelligent use of materials and prudent energy management.

### DYNAMIC SPACE

Good workflows, optimum use of storage space and top quality motion are important features of a practical kitchen. Blum’s ideas for practical kitchens are designed to bring function, convenience and ergonomics to furniture interiors.
